# Basic Marketing Cheat Sheet

## Key Marketing Concepts

1. **Marketing Definition:**
   The activity, set of institutions, and processes for creating, communicating, delivering, and exchanging offerings that deliver value to customers and society.

2. **7 Ps of Marketing (Marketing Mix):**

   - **Product:** What you're selling (physical product or service).
   - **Price:** Pricing strategy (discounts, premium pricing).
   - **Place:** Distribution channels (online, in-store).
   - **Promotion:** Advertising, sales, social media marketing.
   - **People:** Employees, customer service, target audience.
   - **Process:** How services are delivered.
   - **Physical Evidence:** Tangible proof of quality (e.g., packaging).

---

## Marketing Tools & Techniques

1. **Sales vs. Marketing:**

   - **Marketing:** Creates awareness, builds brand equity, and attracts customers.
   - **Sales:** Converts prospects into paying customers.
     *They must align to maximize overall business impact.*

2. **Market Segmentation:** Dividing the market based on:
   - **Demographics:** Age, gender, income.
   - **Psychographics:** Lifestyle, interests, values.
   - **Geographics:** Location, region.
   - **Behavioral:** Purchase behavior, brand loyalty.

---

## Digital vs. Traditional Marketing

| Traditional Marketing | Digital Marketing |
|---|---|
| TV, print, radio ads | Social media, search engine ads |
| One-way communication | Two-way engagement with consumers |
| Broader, less targeted reach | Targeted, measurable campaigns |

## 5Ds of Digital Marketing:

- **Digital Devices:** Phones, tablets, desktops.
- **Digital Platforms:** Facebook, Instagram, YouTube.
- **Digital Media:** Paid ads, SEO, influencer marketing.
- **Digital Data:** Analytics to track performance.
- **Digital Technology:** AI, machine learning for marketing automation.

---

## Common Marketing Strategies

- **Branding & Positioning:** Building brand identity and placing it in the customer's mind.
- **Influencer Marketing:** Leveraging social media influencers to build brand trust.
- **Experiential Marketing:** Creating immersive customer experiences (e.g., Red Bull events).
- **AI in Marketing:** Automating customer segmentation, recommendations, and personalized ads.

---

## Reflection Prompt

Think of a recent product or service that caught your attention. What marketing techniques made it effective? Did it evoke curiosity, trust, or urgency? How did it influence your decision to engage or purchase?

---
