Customer/Consumer Value

The **difference** between

the **benefits** a customer sees from a market offering

and the **costs** of obtaining those benefits

Value = Benefits - Costs

The benefits can be

- ***Operational***
- ***Performance***
- ***Intimacy***

Benefits on 3 Parameters

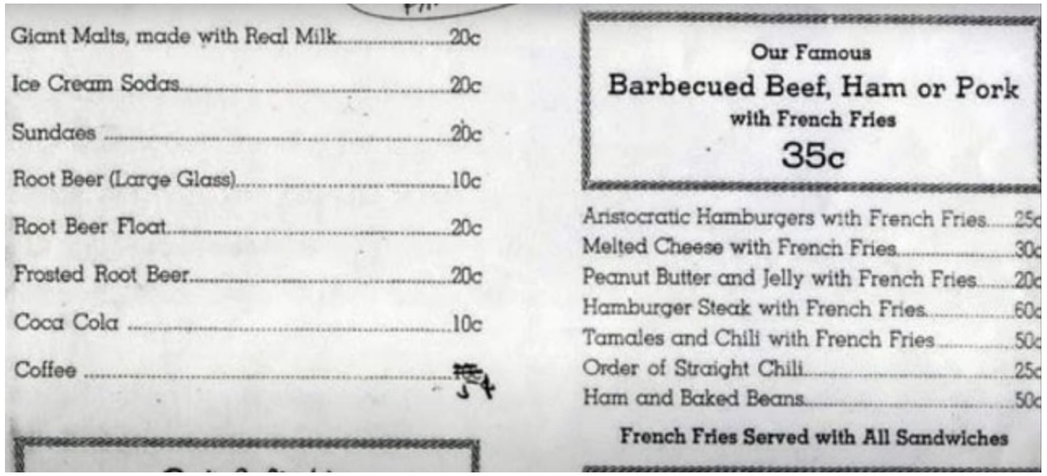

Differentiation

Differentiation can be based on -

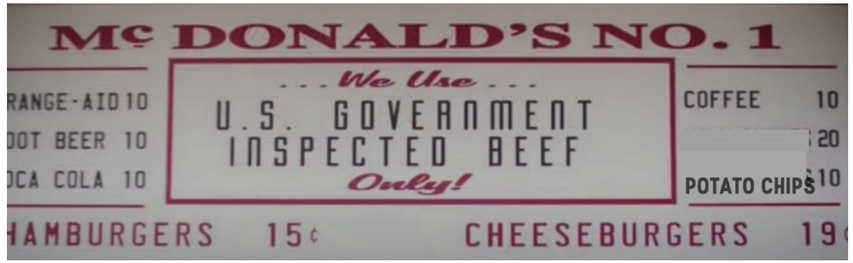

Operational Benefits	Performance Benefits	Consumer/Customer Intimacy
Delivery, service, reliability, cost	Product attributes, style, design, innovation, ingredients, etc.	Does it meet the consumer needs, e.g. – protection, entertainment, recognition, etc.
